Would you like to make a positive impact on the pretrial services industry in PA?

If you answered yes to this question, then we have the job for you! PPSA is always looking for new volunteers to serve on our Board of Directors. New members will be voted on at our Annual Business Lunch at the Forum and serve as an At-Large Director. You do not have to be present to be nominated and you can nominate yourself! Please contact us through our website or speak with another Board Member before the business lunch if you are interested in joining us.
